**Rydges Hotel**

Wellington Airport

# Certification Workshop

Certification has been running for almost 3 years now and it's time to conduct a review of these systems to ensure continuous improvement of the system.

Some of you will have given us feedback via a recent survey and we would like to invite you to work with us further on the next stages of certification.

We want a programme that is credible, fits our industry and has broad reach. We need your input so please come along.

**RSVP by 14 January** [info@safetree.nz](mailto:info@safetree.nz)
